

# After-school Clubs

Registration opens October 11.

Look for a flyer in your child's backpack.

Afterschool supper will be provided and bus transportation is available upon request.

**Clubs begin November 1 and are on Mondays afterschool until 5 p.m.**

**Forms due by October 15.**

# Afterschool Clubs

## Rhythm and Groove with Mr. Giessler

Hi Lake Silver Parents! I'm Mr. Giessler (Mr. G) and I'm the school's Behavior Specialist. I'm also a multi-instrumentalist and singer-songwriter. I've recorded a lot of my own music and music for other musicians. In my club, Rhythm and Groove, students will be learning to record their own music using computer recording software here in our Mac Lab. They will learn about different genres of music and the instruments being used to create them. Students will also learn to compose songs as they explore new sounds and the different parts to a song. We will even spend time writing lyrics and adding their own vocals, if they choose to. I'm excited for this musical journey!

## Team Sports with Coach Johnson

Students will be given the opportunity to participate in several team sports. The following sports will be included: basketball, baseball, and soccer just to name a few. There will be emphasis on working together and sportsmanship.

## Reading Club with Ms. Pierce

Come read with me, Ms. Pierce. Every quarter we will be reading a new book, followed by exciting activities and discussion. At the end of every quarter we'll have a themed party! My goal is for everyone who joins to fall in love with reading, like me. **This club is open for students in grades 4-5**, and I can't wait to see you there!

## Lake Silver Sound with Ms. Parsons

Lake Silver Sound is our music club at Lake Silver for **students in grades 3-5**. We rehearse once a week and perform two concerts during the school year, one in December and one in April. We will be singing, playing instruments, and creating movement to our music!

## Crafts with Ms. Schessler

Feeling Crafty? Join Miss Schessler to make fun crafts for yourself or to give as gifts. We will be making all kinds of crafts from foam projects to needlepointed pictures. Hope you will come join the fun!
